

# ANNUAL REPORT EDITION 2014-2015

## President's Message

It is my pleasure to share the good news with you regarding CAF's fundraising efforts for the 2014-2015 fiscal year. With the support of parents, community members, businesses and alumni, CAF raised over \$441,632, a new giving record for our school.

The Carlmont Academic Foundation raises funds to preserve and enhance the education of **every student** at Carlmont. Together we funded 13 additional class sections, which reduced class sizes and provided essential and innovative curriculum choices. Additionally, your gifts invested in our teachers by supporting cross-department collaboration and essential supplies, and prepared students for college and career with the funding of the new college/career administrator.

In addition to funds from individuals, CAF secured grants from local businesses and foundations such as Oracle to provide funding for STEM programs like our biotechnology, computer science and math departments. We thank the Charles A. Becker Foundation for its four-year grant to the after-school tutoring center. Also, our parents secured matching grants from their employers that totaled \$45,000, which we used to fully fund two class sections.

Fundraising must continue for us to maintain excellent programs for our students. This year's goal is to reach \$500,000, which is attainable with the support of our generous community. Please consider making a donation. CAF's suggested ask is \$1,000 per student, which can be paid as a one-time gift or in ten monthly installments of \$100.

Thank you for your generosity. We appreciate your support.

Sincerely,

April Carlson  
President

## 2014-2015 Finances

Totals	
Total Income	\$441,632
Grant to CHS	\$431,500
Class sections funded	13

## Funding Allocation for 2014-2015

### Classes Funded

#### Smaller Class Sizes

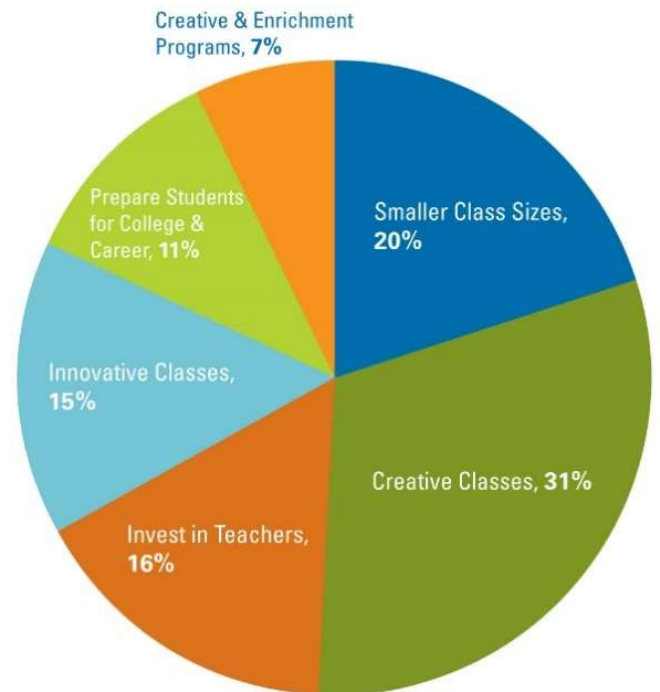

English I  
AS English I  
Modern European History  
AP European History

#### Creative Classes

Instrumental Music (**3 sections**)  
Leadership  
Journalism  
Digital Arts I

#### Innovative Classes

Biotechnology  
Computer Science  
AP Computer Science

## CAF Awarded \$20K Oracle Grant

CAF was awarded a \$20,000 grant from Oracle to support Carlmont's science, math and computer science departments which will furnish two new science classrooms with laboratory equipment, fund participation for 450 students in the American Math Competition, and purchase AP Computer Science review and Finch Robots materials for computer science classes.
